

California OES Weather Threat Briefing

Wednesday, April 14, 2021
9:00 AM PDT

Day 1 (Wednesday): Gusty conditions will prevail across the southern California mountains and deserts, leading to locally elevated fire weather conditions.

National Weather Service

*Western Region Headquarters
Regional Operations Center
Salt Lake City, UT*

WEATHER KEY POINTS

04/14/21 - 04/20/21

Wednesday-Tuesday

- Gusty winds of 30-50 mph, with isolated gusts of 50-60 mph, are expected over the southern California mountains and deserts through early Thursday, with locally elevated fire weather conditions.
- Some light snow is possible over the Sierra though Wednesday, though any accumulation looks minimal
- Dry conditions with warming temperatures expected for late week into early next week
